

## Thanksgiving Doings for Soldiers, Sailors Warines

in U. S. and Allied Services

Our Boys, over there and over here. have put across the biggest Thanksgiving Day since the Pilgrim Fathers out it in the calendar.

New York War Camp Community Service starts its new after-the-war programme of work for the man who has made this the most thankful of all Thanksgiving Days, by introducing him to Father Knickerbocker as his Thanksgiving Day Guest.

Here is the W. C. C. S. Thanksgiving Day Hospitality Programme to make the man in khaki or blue feel that he is as much at home as he would

# In U.S. Breaks Speed Record

Goes 160 Miles an Hour, and Navy Expects It Will Do Better

Liberty Motor Output 5,297 in One Month

More Than Factories of France and England Could Do

WASHINGTON, Nov. 27 .- The United States has produced the fastest airin the world. The output of Liberty motors for October exceeded the combined output of both Great Briain and France of all kinds of air-America, which invented the heavierthan-air flying machine, regains its preëminence in this regard.

The navy's programme for making defence stations planned for the war was explained to the House Appropria tions Committee to-day by Rear Admial Taylor, chief of construction, who asked that \$85,769,000 be provided for this work next year.

Squadrons of fighting aircraft of every description will be included in the equipment for stations along the Atlantic, Pacific and Gulf coasts and

New stations, Admiral Taylor said, are to be erected on the Maine coast, between Portland and Rockland; at Narragansett Bay, New York, Port Arthur, Tex.; San Francisco, Seward. Alaska; the Hawaiian Islands, Virgin

Fastest 'Plane in the World

Fastest 'Plane in the World

In a general discussion of plans Admiral Taylor said the fastest airplane in the world was built in the United States. This machine, known as the Kirkham triplane, developed a speed of 160 miles an hour, and experiments are contemplated to see if it cannot do better than that. The admiral also told of a German Zeppelin that recently flew from Bulgaria to East Africa and back. It was sent out to bring home a German commander, but he was captured before the craft arrived.

Liberty motor production was at the rate of 150 a day when the armistice was signed, said Lieutenant H. H. Emmons, U. S. N., chief of the engine production department of the Aircraft Production Board, at the War Department to-day, in a lecture attended by Secretary Baker and other army officials.

Despite these difficulties, statistics were quoted rhowing that eleven hundred motors had been delivered on May 29, "one year after the first scratch of the pencil toward the design of the engine."

PARIS, Nov. 27. Private letters received here from Jassy indicate that hefore the Allies think of doing anything in the way of sending foodstuffs to Germany and Austria it is much more imperative that they should do "there is great danger that serious disceived here from Jassy indicate that thing in the way of sending foodstuffs to Germany and Austria it is much more imperative that they should do their utmost to come to the help of Rumania. In none of the Allied countries is the shortage of food making itself felt so terribly as in Rumania.

The ruthless requisitions made throughout the agricultural districts by the Germans during their occupation swept the country almost bare, and now with the advent of severe weather things are assuming a critical state. Not only is food growing more scerce daily, but there is also serious lack of clothing and many other articles of first necessity to the peasantry.

War Cripples Reach Dix

CAMP DIX, Wrightstown, N. J., Nov. 27. The first of the wounded soldiers were placed in the Camp Dix Base Hospital. There were 107 officers and men in the detail. Seventy-five per men in the detail. Seventy-five per cent of the men had an arm or a leg missing. They represented New Jersey, New York and Pennsylvania. It is the plan to bring the serious casuals—men with an arm or leg missing from these three states to the base hospital here, there being accommodations for 2,000 men. A reconstruction school will be established to teach the cripples useful occupations. Six hundred and fifty men were discharged to-day. One thousand will be released to-morrors.

## 'Plane Built Police Ready to Stop Riots With Bullets, Enright Says

War, the Secretary of the Navy, the general commanding the Departant of the New York Navy Yard.

Machine Guns if Necessary

"Prior to the signing of the armistice the police of this city treated the soldiers and sailors with the utmost consideration and toleration. They were given the widest possible latitude during the celebrations which followed the first and d announcements of the signwhat was believed to be the patriotic feelings of our people and their desire to show their appreciation of

the work of the army and navy.
"The approaching demobilization of the so-called 'goodby' camps in this vicinity presents serious problems, a most objectionable phase of which has been related. Released from the rigorous discipline which they have been under for varied periods, and thrown back into e vil life in large bodies without restrictions they are bound to respect, or a ise, unless we receive cooperation from the Federal government, to promote serious disorder and make difficult work for the police force of this city. If the use of night machine guns is necessary to preserve the public peace, the police

will be compelled to employ them. Enright Suggests Remedy

"These men should be ordered to report to the point-the local board would be best-from whence they were drafted and there paid off. Such a method of procedure would not only be the best thing for their families and themselves, but for the sequences the gravity of which no

one could possibly estimate." Cape Lookeut, N. C.; Brunswick, Ga., and Galveston, Tex., and others have been completed at Chatham, Mass.; Rockaway Feech, Cape May, Miami and littles made provision for dealing with

Woman Blames Mayor

"The fact that the soldiers attacked it simply goes to show how far they will go if they are allowed to run wild. It also shows that the people who are directing them from ambush are in reality out to create organized terrorisms."

10 U-Boats Officially

Anti-Bolsheviki Organize

As a crystallization of this attitude there came an announcement from the Fawcett Club of Brooklyn yesterday of the organization of an Anti-Bolshevik. League. A committee, composed of Dr. F. J. Hawley, James F. Nathan, M. C. Schill, J. F. Cronin and W. B. Orr, has been appointed to develop the work of this society, which invites "every red-blooded American to become a member." The emblem of the organization is to be a red, white and blue button inscribed with the word "Anti-Bolsheviki," to be worn constantly by the members—in full view.

To all of which the Socialists' reply is that they intend to take their case that they intend to take their case.

The Secretary said the plans for con-

To all of which the Socialists' reply is that they intend to take their case directly to President Wilson. The appeal, which was to have been dispatched yesterday in triplicate to the President and to the secretaries of War and the Navy, was not sent. The executive committee, Mr. Gerber explained, wants more time for the drafting of the document, but it will be ready by the end of the week.

Naval Guards Sent Here

nounced that the bonds to be offered then would be of short, maturity, less than ten years, and it has been indicated that the amount would be around five billions.

Exact Date Not Set

Although the Secretary did not state the time of the campaign, it was learned that the Treasury plans tentatively. These stations are the Elizabeth Street, the East Twenty-second, East Sixty-seventh, West Forty-seventh, Coney Island and Staten Island. The headquarters of the naval men will be at the West Thirtieth Street station. Lieutenant Commander Mannock will direct them.

Trenton Hall Owners

Told to Keep Out "Reds" TRENTON, Nov. 27.—The Trenton City Commission has taken precautions against the holding of any meetings by the "Red" element of the Socialists or any other Bolsheviki. The owner of every hall in Trenton that operates under a license and that can be secured for a public meeting of any kind has been notified by the City Commission that to permit a meeting of the "Reds" will be equivalent to the abrogation of the license for the building.

This question arose last week when the city commissioners cancelled the license of a theatre at which Scott Nearing was to appear. The members of the commission have definitely agreed that Trenton shall be free of this flag and of meetings by these meanles.

Minneapolis Expected To Bar Socialist Flag

said Julius Gerber, local executive sectives and other army officiels.

Deliveries of Liberty motors in October reached 5,297, Lieutenant Emmons said, a larger number of motors than said, a larger number of motors than

PITTSBURGH, Nov. 27.—"The carrying of red flags by Socialists or any other organization will not be tolerated

reality out to create organized terrorisms."

Crystal Eastman, sister of Max Eastman and an associate with him in the publication of the Socialist monthly, "The Liberator," who, as head of the women's International League, presided at the "entirely bourgeois affair" at Palm Garden, expressed gratitude to the police for the work they had done there.

Chicago Chief Holds

CHICAGO, Nov. 27.—In an effort to forestall possible Bolshevik riots in Chicago and trouble particularly in connection with an announced mass meeting for Max Eastman and Arturo Giovanitti on December II, patriotic members of the Chicago City Council hope to have an ordinance reported next week barring the display of the red flag in Chicago.

The new chief of police, Colonal Garrity, formerly an American army officer, has already expressed the opinion that one flag—the Stars and Stripes—is énough for Americans, and he cannot see the necessity of the others.

Major Thaw Is Promoted

The Aero Club of America was informed yesterday that Major William Thaw, the American ace, had been promoted to the rank of lieutenant colonel. He is one of the youngest men to hold that rank in the American or Allied agrees where the control of orders may result, notwithstanding the most careful preparation for anticipated trouble by the District Attorney's office, the Police Department and other agencies, state and Federal, charged

# Of \$5,000,000,000 Is Planned for April

Meanwhile, Secretary Mc-Adoo Announces, Treasury

to Reach \$2,000,000,000,

to bankers, explaining the Treasury's | tain programme for floating certificates of indebtedness and bonds during the next six months.

Destroyers accounted for two U-boats, yachts for three, submarines for one and submarine chasers for four.
Forty-six vessels were engaged in and is strongly pro-Ally.

nounced that the bonds to be offered

o00,000 and \$750,000,000, will be marketed every two weeks, beginning December 5, to provide funds for running
the government until payments from
the fifth war loan begin to come in.
These payments will be used to pay
off the certificates.

Every bank will be expected to subscribe 5 per cent of its gross resources
monthly to these certificates. The first
a issue, of \$600,000,000, minimum, announced to-day, may be subscribed between December 5 and December 10;
will mature next May 6 and will bear
4½ per cent. This rate is not considtered as affording any indication of the
interest to be borne by the fifth war
loan bonds.

Month's Expense \$2,000,000,000

Month's Expense \$2,000,000,000

Mr. McAdoo also disclosed to-day that the government's expenses this month probably will run to a new high record of \$2,000,000,000, and that "the wise policy of prompt liquidation of contracts" may increase rather than lower the government's outlays.

In this connection, it became known to-day that the Treasury had advised the War and Navy departments that it would be legal and desirable in many cases to pay lump sums to manufact-crers with whom contracts are cancelled to cover loss suffered by the contractors for countermanded orders. Legislation may be necessary, however, to provide for paying claims of manufacturers who have proceeded on telegraphic or letter instructions from the War or Navy Department and have not actually signed formal contracts.

## He took precautions to insure his wife's financial independence

A business man of this city wished to make absolutely certain that his wife would have a steady income during her entire life, no matter what his own circumstances might be.

After consulting our officers he made a "Voluntary trust," the income from which would maintain his wife comfortably. The trust is "irrevocable" -that is, neither the man himself nor his wife can use the principal nor alter the terms of the trust. He can, however, add to the principal whenever he wishes.

> Our Trust Department officers will answer any questions about the management of your property. Complete trust and banking service is rendered at both the Uptown and Downtown Offices.
